

**RIGID**

# REAR FACING LIGHTS

Not all off-road situations require the same light intensity. RIGID Rear Facing High & Low Dual Function LED Lights in Amber or Red provide the flexibility to adjust the lighting to the conditions with the flip of a switch. These lights feature a three-wire harness, and the High, Low, or Off three-position rocker switch gives the user an option to run at full intensity on High power, or 20% intensity on Low power. Use the Low intensity mode for a Low Powered running light and the High Powered as a braking light. The RIGID Rear Facing High & Low Dual Function LED Lights feature a thermally engineered oversized heat sink to provide superior cooling power and a 50,000-hour lifespan. If one-size-fits-all lighting does not work for your needs, then the Rigid Rear Facing High & Low Function LED Lights are the perfect choice for adapting to changing conditions.

## FEATURES

- 50,000+ Hour Lifespan
- 9-36 V DC
- Durable UV Polyester Powder Coat
- GORE® Pressure Equalizing Vent
- Harness & Switch Included (Exclusions Apply)
- High-Grade Aluminum Alloy Heatsink
- Integrated Thermal Management System
- Impact Resistant Polycarbonate Lens
- IP68 Compliant – Dust / Water Ingress
- Mounting Brackets Included
- Over / Under Voltage Protection
- Operating Temp -40° F ~ +145° F / -40° C ~ +60° C
- Protected Against RFI / EMI
- Patented Technology
- Reverse Polarity Protection
- RoHS Compliant
- SAE J575 Compliant – Shock / Vibration
- Waterproof Deutsch Connector (Exclusions Apply)
